Service Level Agreement 2016-2019

We are proud to introduce our revised service level agreement, which offers schools and academies the opportunity to access full support from our central team and purchase a range of services designed to meet your needs.

The Diocesan Board of Education (DBE) currently provides high quality school improvement support to over 300 schools and academies in the areas covered by the Oxford Diocese; Oxfordshire, Berkshire, Buckinghamshire and Milton Keynes. Over the last 3 years we have expanded the team significantly in order to improve the quality and range of the services we are able to provide. Over 95% of Church schools in the Diocese now buy in our support and an increasing number of other schools also now seek our services.

Working at both National and Local Authority levels and with a huge network of schools to call upon, the DBE is exceptionally well placed to help schools face ongoing challenges, find solutions to problems and make the most of opportunities. The support set out in this Service Agreement is delivered by a dedicated team of experienced officers including school advisers with significant headship experience, many of whom are also OFSTED and/or SIAMS trained. The team also includes specialists in premises, admissions & appeals, Religious Education, governance and administration. We also now have a number of Associate Consultants who can work alongside us when necessary and appropriate to ensure schools receive the best possible service at all times.

Importantly and in recognition of the budget constraints on schools at this time, we have not increased prices at all for next year. The work of the team is heavily subsidised by the DBE and the wider Diocese, making it excellent value for money overall. Buying into this Service Agreement gives you immediate access to a wide range of resources and supports for every area of school life, leadership and learning from a team you can genuinely trust. You can opt for a simple core agreement or ‘enhance’ your package to allow for additional days support or specific work when you need it most.

We thank God for all you do and we wish you every blessing in your work to ensure the best possible education for all the pupils and families that we serve together in the name of Christ. Subscribing to our Service Agreement means we can be there for you when you need us. We look forward to serving as many of you as possible over the next 3 years.

Anne Davey, Director of Education

How are our Services Funded

Our core services for schools are subsidised significantly so that we can provide quality support for all schools at an extremely competitive price.

We recognise the need to provide value for money is especially important at a time when budgets are tight. At the same time schools need to ensure they are working with organisations they can genuinely trust and who will provide a first class service.

The Diocese is well placed to provide this service given our special relationship with schools.

For further information about all services please contact: Tracy Richardson on 01865 208242 or sla@oxford.anglican.org

“I looked around at several possible providers for the services we needed. The Diocese were far and above the best value for money”
