

PART 1 – THE LIFE OF OUR CHURCH

We believe that a good place to start any reflective process is with your parish profile, particularly if you have worked on this for the appointment of a new incumbent in the last two or three years. This document contains a lot of information not just about your community, but also about your vision, strengths, weaknesses and priorities.

Some facts about ourselves *

** Most of this information above is collected each year by the Diocese as Statistics for Mission and Finance. Please contact Ruth Wilson in STEM (01865 208252) who can provide you with a print out of this information*

PART 3 – WHAT NEXT?

If you have done Parts 1 and 2, you have now collected a great deal of important information about the life, mission and ministry of your church. The challenge now is to listen and carefully interpret what has been said. How might this happen?

We think that the PCC / DCC are probably best placed to work with the findings of these questionnaires, but probably a small group will initially need to go through all the information and present a report. If you are in a multi-parish benefice, there will be the additional perspective of what you have learnt about what you have in common (which may offer a shared response) and what is unique to each community.

Here are some questions you might find helpful:

- **What seem to be key themes which are emerging – both good and not so good**
- **What does this reveal about our strengths and weaknesses?**
- **What is affirming or reaffirming about the information and responses which we would want to celebrate?**
- **What is challenging about the information and responses which needs prayer for strength?**
- **What is disturbing about the information and responses which we might want to seek God's forgiveness for?**
- **What priorities emerge from this process and what can we realistically achieve in the next 12, 24 or 36 months?**

What help do you need to take this to the next step?

You might want to ask the Area Dean, Lay Chair or Parish Development Adviser to work with you on the responses to the process.

Having identified priorities, there may be a church in your deanery or a nearby deanery that has tackled this aspect of ministry or issue already and may be further ahead and able to assist you think about it.

You may need to access some resources or information from organisations that specialise in the area(s) identified. Most of these organisations can be found on the web, but if you are not sure where to start, your Parish Development Adviser may well be able to point you in the right direction.

Celebrating and agreeing priorities

It is important to maintain perspective in a reflective process like this. We suspect that there will be many more areas to celebrate and affirm than areas where you feel you are failing. It is important that we take time in the life of our church to stop and give thanks. You might like to think about holding a special act of worship in which the whole church could do this.

At the end of this resource, you will find a sample sheet which could be used at the end of the PCC meeting which records those areas to be affirmed and celebrated and the priorities for the coming months. This enables you to keep a record and look back in the future to see how you are doing. If you repeat the reflective process in years to come, you will be able to compare how your church has continued to grow and develop.

HEALTH CHECK FOR CHURCHES – CELEBRATIONS, PLANS and PRIORITIES

In the light of our health check, we want to celebrate and affirm the following aspects of our life, mission and ministry

The following key areas were identified for new or ongoing development over the next three years.

AREA FOR DEVELOPMENT	PROPOSED ACTION TO BE TAKEN		What support / resource / help do we need to achieve this?
	in next 18 months	over next 3 years	

Signed (on behalf of the PCC)
