

# Is God calling you?

How do we discover what God might be calling us to do in life? What has helped people with this? How can the Bible help? What can we look for?

Our vocations events are opportunities to look at some of the resources that have led people to find their purpose in the Lord's service. They will help you to explore questions you have and think about what your next steps might be. No previous experience is required. They are open to anyone interested in learning more about their vocation.

## Next vocations event in the Diocese of Oxford
