

Understanding Christianity 2019

This resource aims to help schools meet the requirements of the new SIAMS schedule. Using the “Text, Impact, Connections” this resource offers teachers a way to explore core Christianity as a living faith, using core theological concepts. There are units for all year groups from F2 through to Year 9 with lesson ideas and resources. This resource is available only to schools that send a delegate on a 15- hour training course, which is offered here over two and a half days.

“The material is super, and the course wonderfully delivered. I think it is just what we need!”
