

Smiles

- We laugh when we are happy and when funny things happen.
- We smile when we feel happy and we are glad to be with our friends.
- God wants us to smile and to be happy and wants every day to be a happy day.
- What makes you happy and smile?

Thumb and index finger placed on either side of mouth as you smile.

Lord of Life

Thank you for happiness. Our school is a happy place where we smile.

We go out to show this in our work and in our play.

With God's help and God's love.

Amen
